## **\$25 DOT Inspection Special**

Winter is a great time to ensure your DOT inspections are up to date. Take advantage of our \$25 special pricing and ensure your vehicle's safety, compliance, and readiness for next year!

### **What is a DOT Inspection?**

If a truck is in the UNITED STATES, COMMERCIAL, OVER 10,001 LBS. or CARRYING HAZARDOUS MATERIALS regardless of weight, the TRUCK IS REQUIRED to have an ANNUAL FEDERAL INSPECTION. The same applies for all trailers. A commercial motor vehicle is defined as any self-propelled or towed motor vehicle used on a highway in interstate (between states) or intrastate (within a single state) commerce to transport passengers or property.

At Truck Service, Inc. our DOT Inspections are designed to keep you in compliance with all applicable DOT regulations. Our inspectors have a minimum of two years' hands-on experience in the heavy truck repair industry and know what to look for during the inspection of your vehicle.

According to the CVSA (Commercial Vehicle Safety Alliance), if you are placed "Out of Service" the cost to you will average \$861 not including charges for fines or emergency service repairs as a result of the inspection. Our DOT inspections will keep you in compliance and on the road.

**Our DOT Inspection consists of an examination of the following systems and components:**

- Coupling Devices
- Seat Belt
- Brakes
- Exhaust System
- Frame
- Fuel System
- Turn Signals
- Brake Lamps
- Tail Lamps
- Headlamps
- Lamps on Projecting Loads
- Steering Mechanism
- Suspension
- Tires
- Trailer Bodies
- Wheels and Rims
- Windshield Wipers
